July 2004

June Local Unemployment Rates Announced

Wisconsin Department of Workforce Development (DWD) Secretary Roberta Gassman announced that 64 of Wisconsin's 72 counties had lower unemployment rates in June of 2004 than June of 2003.

"Wisconsin is doing very well under Governor Doyle's leadership. For the fifth consecutive month, most Wisconsin counties reported lower unemployment rates than one

in June as students and graduates enter the labor market, caused 61 counties to experience an increase in their June unemployment rates over the prior month, although eight counties showed a monthly decrease and three counties were unchanged in June. When compared with one year ago, the lower June 2004 numbers are good news for the state's overall employment picture.

the rate was at 3.0 percent.

Of the state's major metropolitan areas (MSA), nine had lower unemployment rates, one remain unchanged, and one had an increased rate. When compared to June 2003, all 11 Wisconsin MSAs showed improved rates. June's nonfarm wage and salary estimates show that nine of the 11 metropolitan areas had total industry employment tallies higher than in May and that ten of the 11 had an annual increase in their job totals. The single MSA not to show an annual increase in its number of jobs was Janesville-Beloit. which showed no overall change in its job total.

Labor Force Estimates (Seasonally Adjusted)									
	La Crosse *	Wisconsin	United States						
	MSA	(000s)	(000s)						
Current month: May 2004									
Civilian Labor Force	77,300	3,117.9	147,279
